ARMS CATALOGUE

- To find the files with use of this catalogue - use <u>headlines</u> as the first part of the file name (eg. "M_Arm_Fancy") and specific item name (under renders) as a second part.

- Masculine Arms filenames start with letter M. FEminine start with F.

- <u>Left Arms are created by using MIRROR option in your slicer.</u>

- Stretchgoal Files can be found in specific Stretchgoal directories.

- Every stretchgoal is separated just for simplicity sake.

- Keep in mind those catalogues are rather simple mostly because I wanted to keep them printer friendly.
